To whom it may concern:

This letter is to certify that the construction company Synergy Construction S.R.L. successfully completed the construction works for our project - the American International School of Bucharest's Early Learning centre, located on 196 Pipera Boulevard Voluntari (Ilfov county). The company provided General Contracting works for this new kindergarten building covering a total area of 4,873 sqm.

Synergy Construction executed the complete range of general contracting services, performing high quality civil engineering, finishing, electrical and mechanical installation works, as well as fire alarm, firefighting systems and access control systems.

Throughout the course of the contract execution Synergy Construction proved to be a highly experienced contractor, with impressive and extensive know-how in completing a challenging educational facility project. The company conducted the works in a professional manner, showing commitment to quality, as well as environmental and sustainability issues. Staff safety was regarded as top priority and all the works were performed respecting all the safety rules.

Synergy Construction acted as a highly committed professional and proved flexibility and effectiveness in dealing with unexpected developments.

We, the American International School of Bucharest, as the Beneficiary of the project, would like to state that Synergy's managing partners, as well as their employees, have worked with enthusiasm and dedication. Our collaboration with Synergy was successful and we recommend the company as a reliable, efficient General Contractor for the execution of educational facility projects.

Best regards,

A handwritten signature in blue ink, appearing to read "Robert Brindley", is written over a faint circular stamp or watermark.

Robert Brindley
Director
American International School of Bucharest
