Date: December 2016
To: **SYNERGY Construct SRL, Romania**
Ref: Recommendation Letter / EG04/120

ETI European Food Industries SA would like to thank **SYNERGY Construct SRL, Romania** for their General Contracting services provided in relation to the construction of ETI Biscuit Factory in Craiova.

SYNERGY Construct SRL, Romania was responsible for constructing of the first and second phases facilities of the Biscuits Factory, such as Raw Material Preparation and Production Buildings, Utility, Social and Administration Buildings, Security and Entrance, Garbage Collection Buildings, Waste Water Treatment Plant and external civil, mechanical and electrical installation works.

We were impressed with the **SYNERGY Construct SRL's** professionalism, quality and moreover, during the whole project, they have provided constant technical support from the very beginning until the end. **SYNERGY Construct SRL** team was easy to communicate and provided contribution with creative engineering solutions by the participation of all level of their management team from the share-holders to site-supervisors.

We believe, Synergy Construct SRL is very capable contractor and gained our tremendous respect. Therefore, we would have no reservations in recommending them for future works. **SYNERGY Construct SRL, Romania** is a professional company with experience and the ability to deliver projects to the client's requirements.

Sincerely yours,

Devrim YILMAZ
